[LOS RPO Prioritization 7.0 DRAFT Submittal List](#)

Prioritization the process that NCDOT follows to determine most capital improvement projects utilizing both NCDOT state funds and NCDOT’s allotted federal funds in the development of the State Transportation Improvement Program (STIP). The prioritization process is governed by the Strategic Transportation Investments (STI) Law of 2013. STI provides the framework for a more transparent data driven process utilizing local input from MPO’s, RPO’s and NCDOT Divisions. Prioritization 7.0, P7.0 (aka SPOT 7.0) indicates it is the seventh iteration of the prioritization process. RPO staff has met with TCC and TAC reps from each county, along with MPO staff and NCDOT division. Carryover projects were reviewed as were projects lists from previous rounds. Based on input from these meetings, the LOSRPO DRAFT P7.0 Project was developed. There are still a few non-Highway projects to be added to the list, but the list will be complete before it is advertised for public comment.

Steve Williams moved to recommend the draft list of Prioritization 7.0 to the Board for approval. Jodie Ferguson seconded the motion which passed upon a roll call vote.

RURAL PLANNING RURAL ORGANIZATION

Discussion occurred. Jodie Ferguson inquired if approving this, it will not hinder other projects and Vicki Eastland responded that it would not. Vicki Eastland also shared that projects not on the list but that are needed may sub in or ask division partners if they can be added in. There is still time for additions and edits if needed.

Division 13 wants to change the alternate criteria deadline listed above as it is due September not April.

Jon Barsanti presented on Park & Ride as well as Park & Pool, many of these current locations are underutilized and there is potential to work with other regions as well as work with schools.

PUBLIC COMMENT

Chair High opened the floor a second time for public comment. No public comments were received.

B. LOSRPO PWP Amendment

NCDOT Transportation Planning Division, the division that administers the Rural Planning Organizations, (RPO's) provided each RPO with a 15% funding increase to take effect July 1, 2023, SFY 2024. This amendment to the PWP reflects this increase in funding.

C. LOSRPO Public Involvement Plan Edits

The Land of Sky RPO maintains a Public Involvement Plan PIP that guides public involvement of LOSRPO Rural Transportation planning activities.

The LOSRPO PIP was last updated in May of 2015. The PIP was reviewed and there are a few minor edits. These edits do not impact the length of public comment windows or the means that comment will be collected. The changes include removing a planning document that the RPO does not maintain, removing some confusing language, and removing language stating that the RPO will put copies of CTPs in local libraries. The changes can be reviewed in the marked-up PIP. This was first shared at the May TCC and TAC meetings and is now back for final adoption.

Item 4B: New FBRMPO LOSRPO Planning Boundary

MPO and RPO Planning Area Boundaries

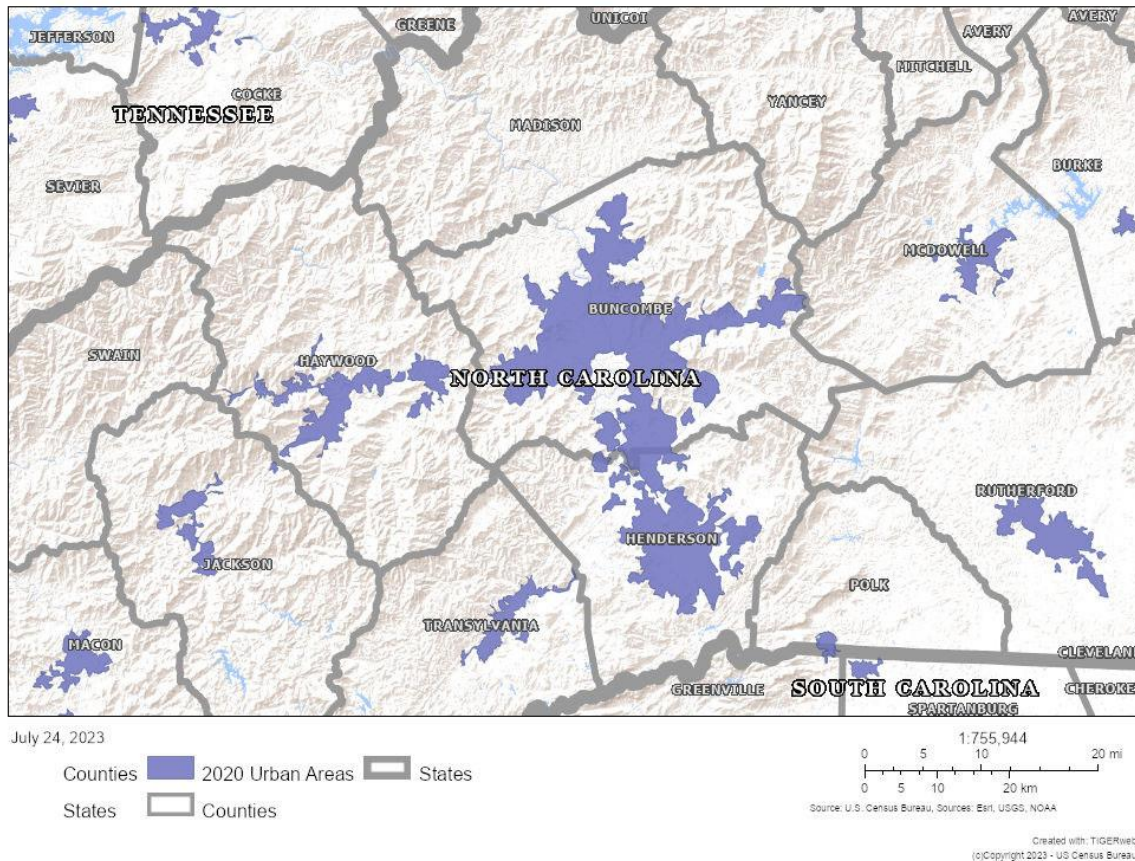

FBRMPO staff has developed an updated Planning Area for the French Broad River MPO.

What Changed with the 2020 Census Urban Area?

A number of criteria used for determining the urban area were changed. For our area, the most significant change involved hops and jumps, which are considerations for bridging areas of urbanization. The hops and jumps were reduced and large areas of the 2010 Asheville Urban Area, including Haywood County and parts of Madison County, were removed from the 2020.

Asheville Urban Area.

WNC Urban Areas

How Are MPO Planning Areas Determined?

The regulations require that the MPO Planning Area include the Urban Area as well as what is anticipated to urbanize in the next 20 years. Beyond that, there are not many requirements. In discussions with other MPOs from across the country, most MPO's tend to determine their planning boundaries by taking any census tract or census block group intersecting the urban area and make those census tracts/block groups their boundary.

How Was the Draft Planning Area Drawn for the French Broad River MPO?

Each of the counties in the region have been approached somewhat differently based on unique considerations but generally the planning area was determined pulling in any block group that intersects the Asheville Urban Area, Canton Urban Area, or Waynesville Urban Area (within Haywood County.)

Buncombe County

Situation: Buncombe County is primarily within the urban area but is a member of both the MPO and RPO.

Boundary Development: any block group intersecting the urban area was made part of the Draft Planning Area.

Changes: some territory was added in Eastern Buncombe due to a simplified methodology. The current boundaries are somewhat arbitrary and not built on any census geography. One block group in NW Buncombe was removed from the MPO and added to the RPO due to a lack of urban area. No changes in member jurisdiction.
MPO Population: 258,694

Haywood County

Situation: Haywood County, after being part of the Asheville Urban Area since 2000, has no part of the Asheville Urban Area due to changes in the 2020 Census. Instead, there are two small urban areas- Canton and Waynesville. However, there is a very high likelihood Haywood County will rejoin the Asheville Urban Area within the next 20 years.

Boundary Development: MPO staff met with County and municipal representatives, and they requested to stay within the MPO. All block groups that intersected Canton or Waynesville Urban Areas were brought into the MPO Planning Area (note: part of the Waynesville Urban Area goes into Jackson County. This was not considered or discussed with Jackson County.) One block group that intersected Waynesville Urban Area was not added at the request of Land of Sky RPO.

Changes: a significant amount of land south of Canton and Clyde with roughly 3,600 residents will change from MPO to RPO but some land north and south of Waynesville with roughly 1,100 residents will change from RPO to MPO. No change in member jurisdictions.

MPO Population: 51,673

Henderson County

Situation: Henderson County elected to be fully within the MPO in 2010. The urbanized area changed somewhat within Henderson, but the County retains a significant amount of Asheville Urban Area.

Boundary Development: all of Henderson County is considered part of the MPO Planning Area. Changes: No Changes

MPO Population: 116,281

Madison County

Situation: Madison County joined the MPO and Asheville Urban Area after the 2010 Census but fell out of the Asheville Urban Area in 2020.

Boundary Development: Madison County and the Town of Mars Hill requested to stay within the MPO. All block groups that intersect the Town of Mars Hill were added as well as an additional block group (371150106021) in order to keep P 7.0 submittals within the MPO. Changes: three block groups will move from MPO to RPO and the population within the MPO will be reduced by roughly 3,600. No changes in member jurisdictions.

MPO Population: 5,834

RURAL PLANNING ORGANIZATION

Transylvania County

Situation: Transylvania County is currently a non-voting member of the MPO due to a small enclave from the Asheville Urban Area in the 2010 Census. This enclave was removed from the Asheville Urban Area in 2020.

Boundary Development: Transylvania County was removed from the MPO Planning Area. Changes: no part of Transylvania County is part of the MPO Planning Area. One block group with approximately 1,100 residents will switch from MPO to RPO.

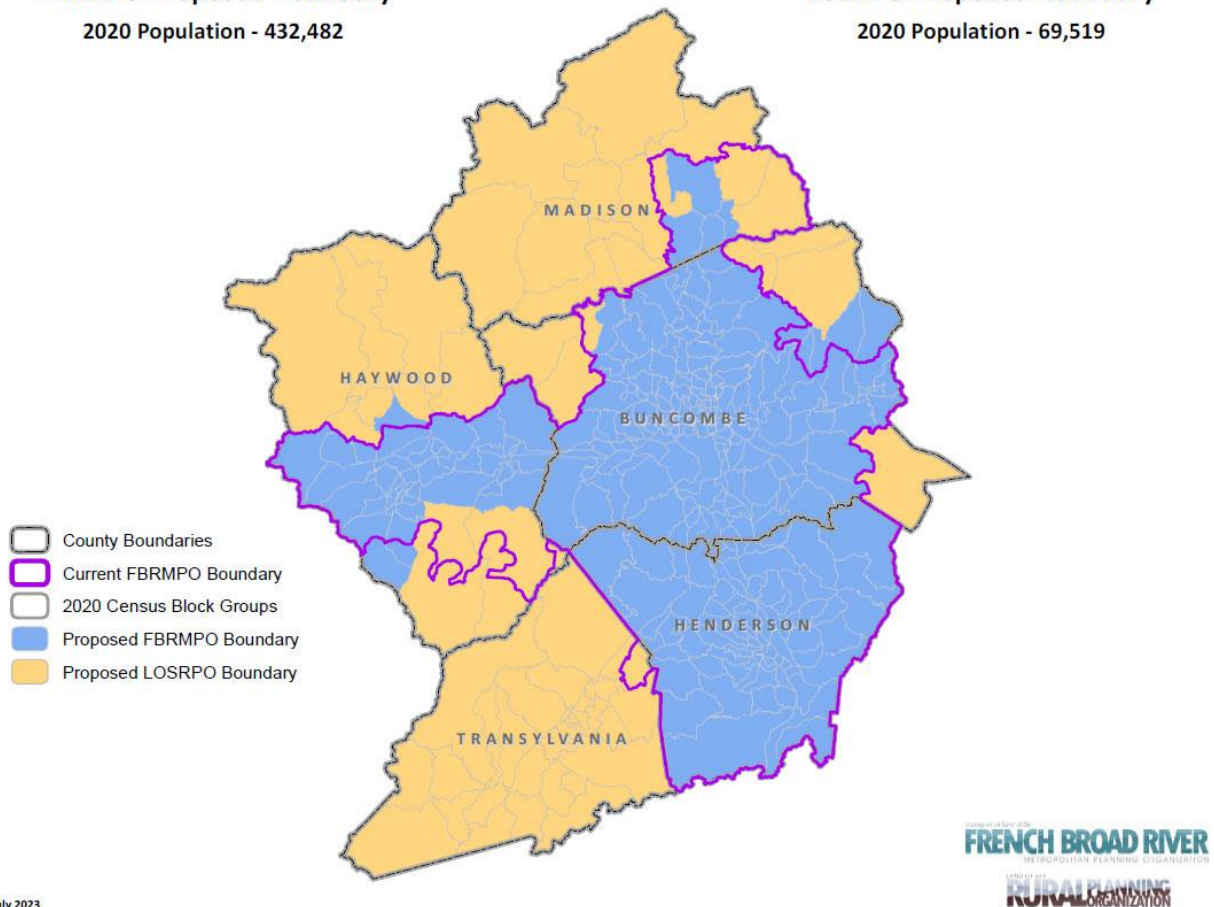

MPO Population: 0

FBRMPO Proposed Boundary

2020 Population - 432,482

LOSRPO Proposed Boundary

2020 Population - 69,519

July 2023

Staff Recommendations:

Review and discuss, no action recurred. RPO Staff is developing new dues based on new population numbers. **all information was copied from FBRMPO August Board meeting agenda**
